- Beadalon® Memory Wire Shears (Item # 10332397)

### LEARN THESE JEWELRY MAKING TECHNIQUES:

- All About Memory Wire
- Adding a charm to a Memory Wire design

#### STEP 1

Cut 4.5 loops of memory wire with the memory wire shears. Use the standard looping pliers to turn a loop on one end.

#### STEP 2

String up your beads in a pattern with a statement of your choosing. This pattern used:

Color 1 - 2 small beads, 2 medium beads, 3 large beads, 2 medium beads, 2 small beads, "O", 1 small bead, "N", 1 small bead, "L", 1 small bead, "Y", 2 small beads, 2 medium beads, 3 large beads, 2 medium beads

Color 2 and 3 – repeat the pattern for color 1 with a letter in between each small bead.

#### STEP 3

Trim any excess memory wire with the memory wire shears and use the standard wire looping pliers to turn a loop in the end.

#### STEP 4

Add a tassel and charm to one or both loops with a jump ring.
