

### LEARN THESE JEWELRY MAKING TECHNIQUES:

- How to crimp and add a wire guardian and crimp cover
- How to string with double drilled beads

### SUPPLIES:

- Beadalon® Swivel Badge Clips, Silver (Item # 10376102)
- Beadalon® Findings Variety Pack (Item # 10186866)
- Beadalon® 19 Strand Bead Stringing Wire, Silver, 0.015" (Item # 10121912)
- Beadalon® Crimp Covers (Item # 10376098)
- Beadalon® Crimp Tubes Assorted Sizes (Item # 10443511)
- Beadalon® Wire Guardian™ (Item # 10427055)
- Magnetic Clasps By Bead Landing® (Item # 10509117)
- Toho® Matte Japanese Glass Seed Beads, 11/0 (Item # 10474778)
- John Bead Superduo Two-Hole Czech Glass Beads (Item # 10549073)

### TOOLS:

- Beadalon® Sparkle Chain Nose Pliers (Item # 10121794)
- Beadalon® Nipper Tool (Item # 10302215)
- Beadalon® Standard Crimper Tool (Item # 10332396)

### STEP 1 – Make 2:

Cut a piece of Beadalon beading wire 36 inches (91.5 cm) long. Thread one wire through a wire Guardian. Carefully pull the beading wire through the wire guardian so both ends are even. Thread one size 11 seed bead on each of the wires. Thread one superduo bead over both of the wires. Repeat until your strand is about 14 inches long. Use a crimp tube to attach the one half of the clasp.

### STEP 2

Add crimp covers over the crimp tubes.

### STEP 3

Attach the bottom wire guardians to the badge holder with jump rings.
