Step 2

With your thread exiting from the bottom hole of the second SuperDuo added. [String (5) SuperDuo. Go through the bottom hole of the next (2) SuperDuo (around the cabochon)] twice. Step up into the top hole of the SuperDuo. [String (1) Size 11/0 bead and go through the top hole of the next SuperDuo] fourteen times.

Step 3

Exiting from the top hole of the last SuperDuo, string (3) Size 8/0 beads and a SuperDuo bead. Go back through the (3) Size 8/0 beads and the top hole of the SuperDuo below. Go through (2) Size 8/0 and string (2) new 8/0. Go back through the middle 8/0 in the stem. Go back through the top, side 8/0 and string (3) 8/0. Go back through the next 8/0.

Step 4

Continue up through the 8/o that make the stem. Go through the bottom hole of the SuperDuo above, then step-up through the top hole. String another SuperDuo. Next, go through the right side hole of a new cabochon. String (2) SuperDuo and go down through the left side hole of the cabochon. Go back through the (2) SuperDuo below.

Step 5

Repeat Steps 2, 3, and 4 to desired length, ending with Step 2 on the last flower.

Step 6

Exiting from the top hole of the last SuperDuo, string (1) Size 8/o bead, go through a wire guardian, and string (1) 8/o bead. Go back through the top hole of the SuperDuo. Reinforce this connection three times. Repeat for the other side using the tail thread left in Step 1.
