## Tools (Beadalon):

- Round Nose Pliers
- Cutter
- WildFire Cord Cutter
- Scissors
- Spin-N-Bead Bead Spinner
- Spin-N-Bead Quick Change Trays
- Curved Big Eye Beading Needle
- Collapsible Eye Beading Needle

## Instructions:

### STEP 1

Cut (3) 12 inch lengths of Wildfire.

### STEP 2

Thread a curved big eye needle onto one end and a stopper bead on the other end. Use the Spin-N-Bead to string up 6 inches of one color of seed beads.

### STEP 3

Switch to the Collapsible Eye Beading Needle. On each end, skip the last bead and string up through several of the seed beads. Tie an overhand knot to secure the thread between the beads. Trim the ends. Repeat steps 2-3 2 more times with different colors of seed beads.

### STEP 4

Use a jump ring to attach a charm to the chain.

### STEP 5

Cut 3 inches of Artistic Wire and make the first part of a wrapped loop on one end. Before closing the wrapped loop, thread it around the middle of the three strands of beads. Add one length of chain and close the loop.

### STEP 6

Thread the top of the wrapped loop through a necklace cone. Add a bicone bead and make a wrapped loop at the top. Attach the ear wire.

Repeat to make a second earring.
