

Use the new eco-friendly Repeat cord to make this customizable engraved bracelet.

### Materials:

- RePEaT, 100% Recycled PET Braided Cord - any size/color
- Flat Artistic Wire, 5mm - any color
- Artistic Wire 2 Hole Leather/Metal Twist Punch #205S-110
- Triangle Needle File #206S-030
- Wildfire Battery Operated Cord Cutter #211F-100
- Nylon Jaw Bending Pliers #201S-270
- Artistic Wire Micro Engraver # 240S-220
- Designer Flush Cutter # 202E-001
- Heavy Duty Collapsible Eye Needles # 700XH-150

### STEP 1

Cut a piece of Flat Artistic Wire appx. 2 inches long. Use the flush cutters and file to round and smooth the ends. Use the Micro Engraver to write a message on the wire.

### STEP 2

Use the Leather/Metal Twist Punch to punch a 2mm hole at either end of the Flat Artistic Wire. Use the Bracelet Bending Pliers to curve the wire.

### STEP 3

Use the WildFire Cord Cutter to cut two pieces of RePEaT cord 12 inches long.

### STEP 4

Thread one cord through one of the holes on the Flat Artistic Wire and make a barrel knot to hold it in place. TIP: Use the Collapsible Eye Needle to help pull the cord through the barrel knot.

### STEP 5

Thread a bead on the end of the RePEaT and tie a double overhand knot to keep it in place. Repeat on the other side.
