

## PHILLIES RALLY NECKLACE

*Design by Meredith Roddy*

### Materials

- Pave beads in your choice of colors
- Beadalon 49 Strand .024 Bead Stringing Wire
- Size 2 Crimp Tubes
- Clasp

### Tools:

- Crimping Pliers
- Chain Nose Pliers
- Nippers
- Bead Board

### Instructions:

1. Lay out your design on the Bead Board. Be sure to start and end with smaller beads.
2. Working from the spool, string up your design.
3. Add a crimp tube and one half of the clasp on one the end. Thread the wire around the clasp, back through the crimp tube and use the crimping pliers to crimp it in place.
4. Snug all of the beads down to the clasp, tuck the extra wire into the beads, leave about three inches of wire on the other side and snip it from the spool.
5. String on a crimp tube and the other half of the clasp. Thread the wire around the clasp, back through the crimp tube, tucking the wire into a few of the beads on the end. Join the two halves of the clasp, and snug up the beads to remove any slack in the design. Use the crimping pliers to crimp the crimp tube. Trim any excess wire.
